

Supporting the public bike track is a gift that keeps on giving!

Who We Are - Chehalem Valley BMX (CV BMX) is a 501(c)(3) non-profit maintaining the only public bike track open year-round in the Portland area. We also operate official BMX race events serving >4,000 participants a year!

Our Mission - is to provide *Access for All*, providing an inclusive, welcoming community regardless of background or socioeconomic situation. We maintain the track free to the public, provide community outreach programs, and offer free loaner bikes and gear.

We are volunteer operated and 100% of donations are invested back into the community.

What is BMX? Bicycle Motocross (BMX) is sprint style race around a track with numerous turns and obstacles. This is an Olympic sport for all ages! Because any experience level can race, people can enjoy the sport at any age. What's really unique to BMX, is parents will often participate with their kids, building bonds and uniting families.

How cool is this? In 2024 CV BMX grew participation to become #1 in Oregon!

Donations Well Spent - Through generosity of sponsors and hundreds of volunteer hours, we were able to complete several ambitious projects. In the last 3 years alone, generous donations and community support enabled crucial safety improvements including paving the track surface and a complete start gate replacement.

Sponsorship ensures future generations have access to a safe place for recreation.

Support Is Needed - The success of our nonprofit requires constant track maintenance and continued investment. Help is needed. Please join us and help grow the love for biking.

Thank you for the kind consideration,

Ryan Storfa
Track Operator
